

West Yorkshire League and Cup 2026

An eventful year culminated in the Cup final on Monday 24th August at Huddersfield. Mirfield and Leeds played 5 games and the winner on the day was Leeds and they win the cup for the 4th consecutive year. It was a close match at the start with teams level after the triples with a terrific performance from Mirfield Ladies Triple but in the mixed pairs Leeds swept the board.

Paul presented both trophies to Paul then took them back for engraving.

The league was difficult this year because Harrogate suffered the loss of a player during a fixture and the squad didn't feel that they could continue with some of their remaining fixtures and this mean that there were walkovers in the cup and some league games were not played. There was no point implementing the default process in the rules as circumstances were exceptional and it didn't affect the league winners.

The league has been running since 2015 with a break in 2020. It will run again next year but there may be changes as there are now 25 places to play in West Yorkshire.

The Cup was instituted in 2018 with a mixed gender format and a final at a neutral venue and took 2 years off during COVID.

League in an afternoon was started in 2023 for newer smaller clubs who didn't feel ready to play in the League or Cup.

For some reason after 3 successful years running the event with Lightcliffe, Ripponden and Shelley winning it there were no entries in 2026.

Planning for next year will begin in January. Easter in very early in 2027 so the league will start last week in April and Cup in June with a final in August.
